

WHAT EXACTLY IS **DYSPRAXIA**?

MEET MIKE, AGE 6...

...AND A HALF!

HI!

... AND HIS...

DYSPRAXIA

HI!

... AN IRRITATING THING!

... ALSO KNOWN AS
DEVELOPMENTAL
COORDINATION
DISORDER

HE JUST CAN'T GET
RID OF IT!

HOW CAN YOU TELL THAT DYSPRAXIA IS THERE?

MOM, CAN I GO OUT?

FINISH YOUR MEAL FIRST!

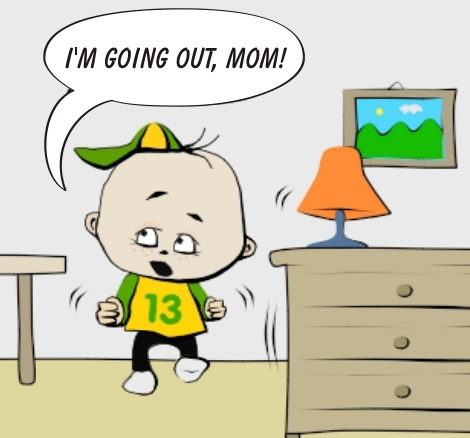

MESSY EATING...

OK, READY TO GO!

HA HA HA

I'M GOING OUT, MOM!

BUMPING INTO FURNITURE...

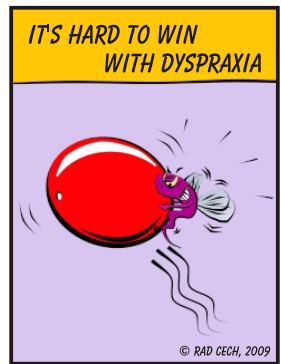

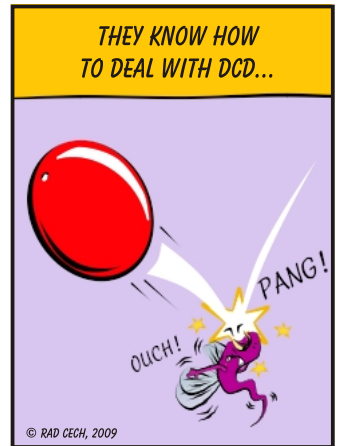

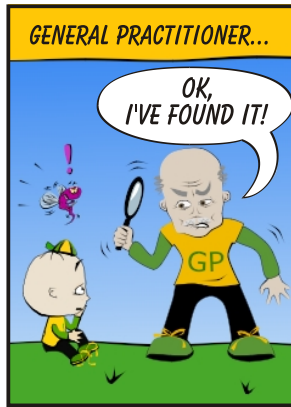

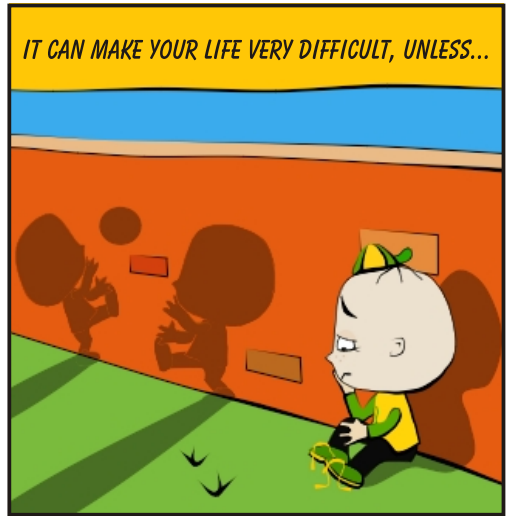

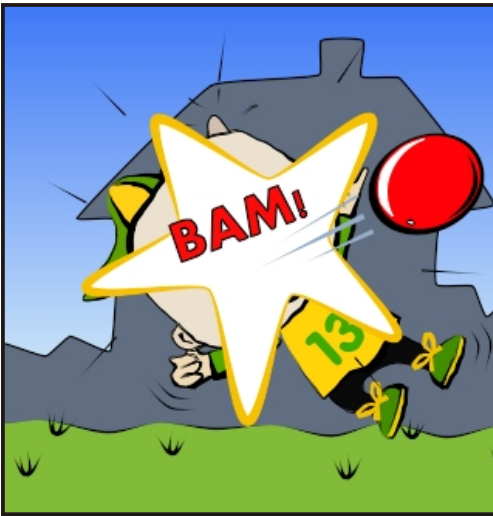

BANG!

HOW TO
TELL
THAT ONE HAS

DYSPRAXIA?

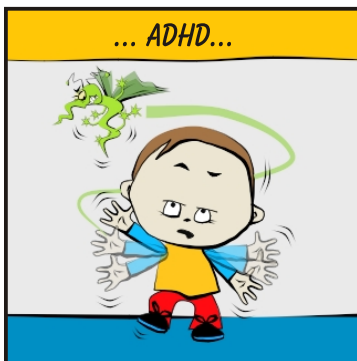

... AND AFTER A WHILE THE RESULTS WILL BE PLAIN TO SEE.

BUT IT'S NOT ONLY DCD. THERE MIGHT BE OTHER THINGS BOTHERING KIDS EVERY DAY: DYSLEXIA...

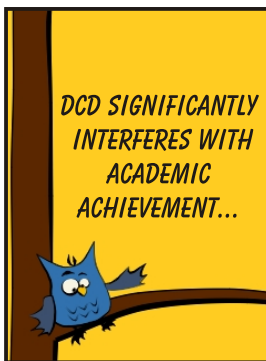

... ADHD...

SOME KIDS MIGHT SUFFER FROM A FEW CONDITIONS AT A TIME!

DCD SIGNIFICANTLY INTERFERES WITH ACADEMIC ACHIEVEMENT...

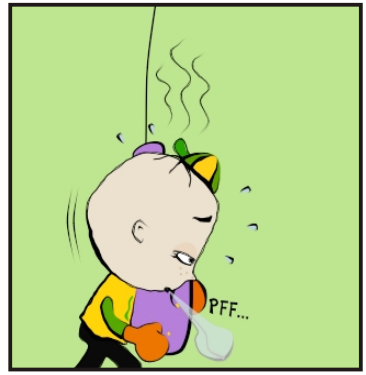

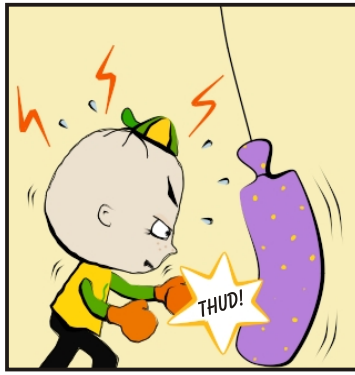

HOW TO
HELP
KIDS WITH

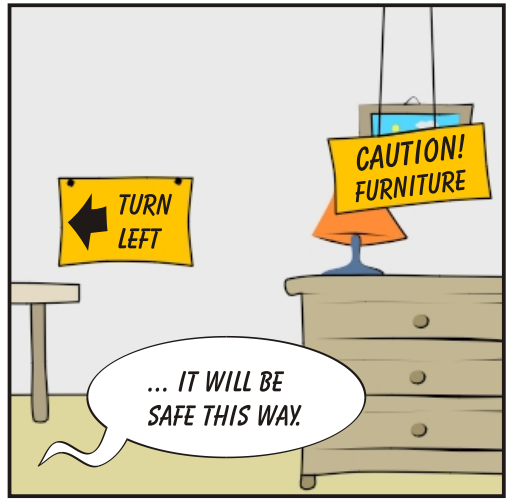

DYSPRAXIA?

HELP HIM
FIND A WAY
TO DEAL WITH HIS
STORED UP
FRUSTRATION
AND ANGER

KIDS WITH DCD ARE CREATIVE. LET THEM THINK
UP THEIR OWN WAYS OF DEALING WITH DCD.

KIDS WITH DCD ARE FULL OF EMPATHY
FOR OTHERS, READY TO HELP THEM...

... BECAUSE THEY KNOW,
THAT THINGS THAT LOOK
SIMPLE FOR US MIGHT BE
DIFFICULT FOR OTHER
PEOPLE.
